

# Summer Sponsor Survey Highlights: 2017

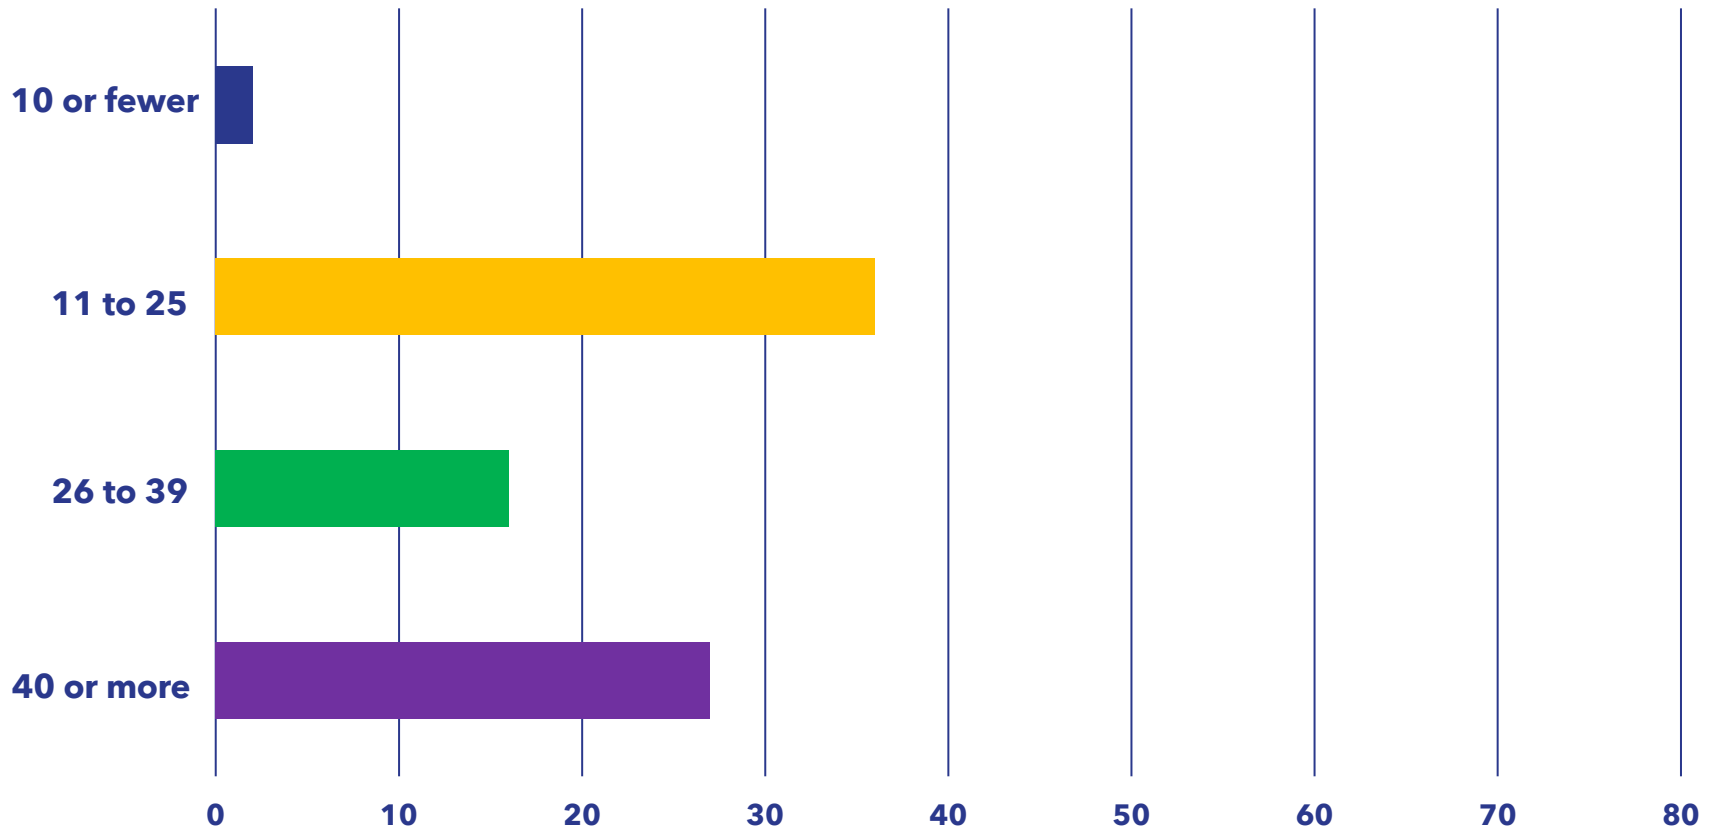

Working to bring a unified, statewide voice to the issue and solutions surrounding hunger, with a goal to ensure all Oklahomans have access to affordable, nutritious food.

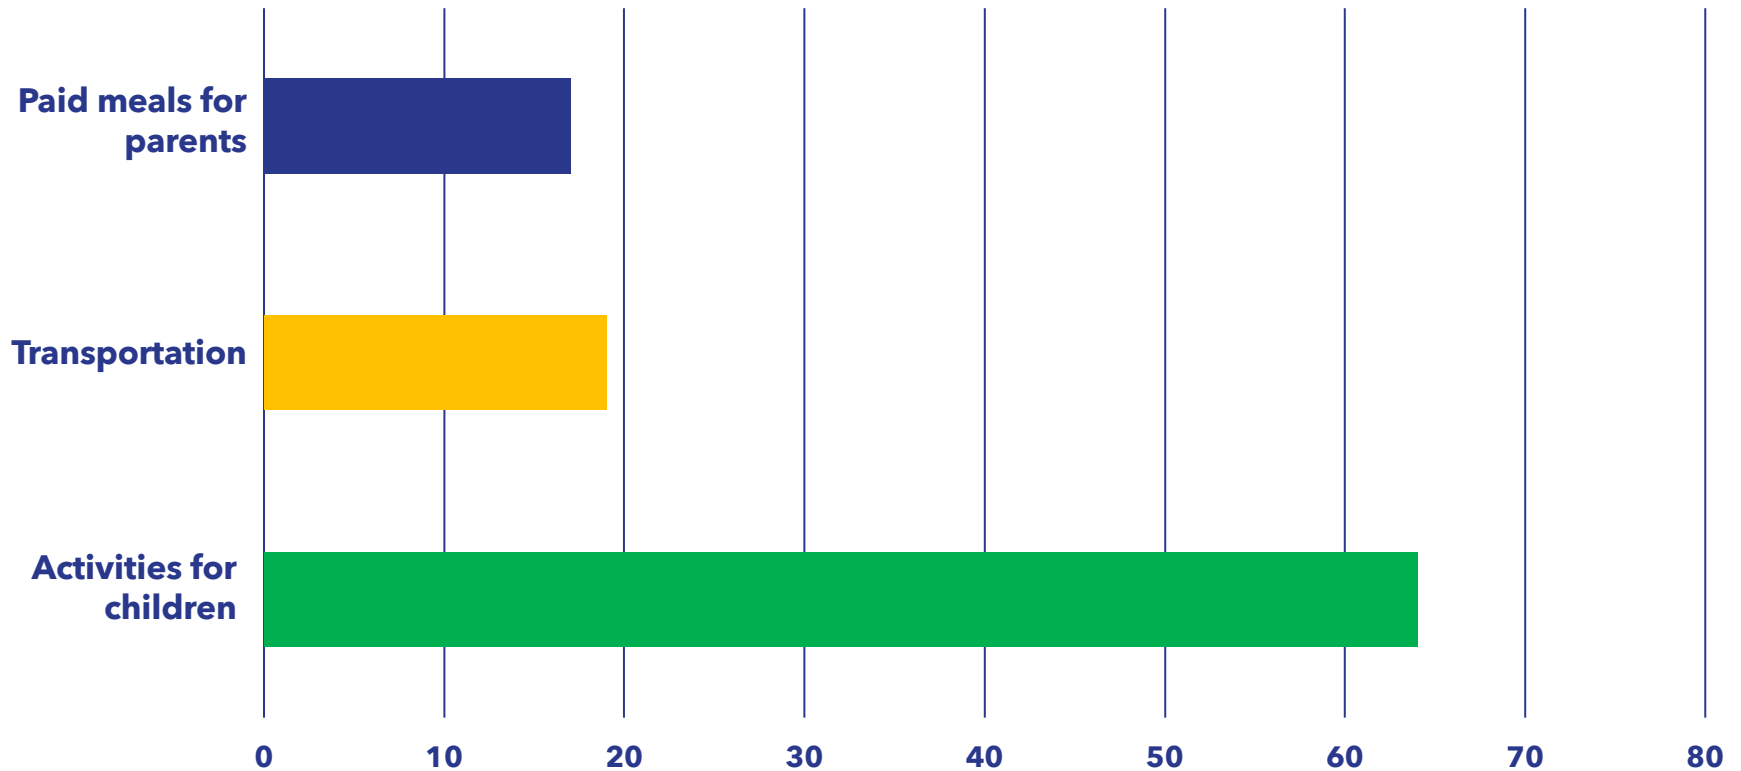

# Demographics of Survey

- Survey was sent to all current sponsors
- A total of 182 sponsors received this survey
- As of last week, the total number of responses was 85
- The majority of sponsors were schools, nonprofits, and Indian Tribal Organizations

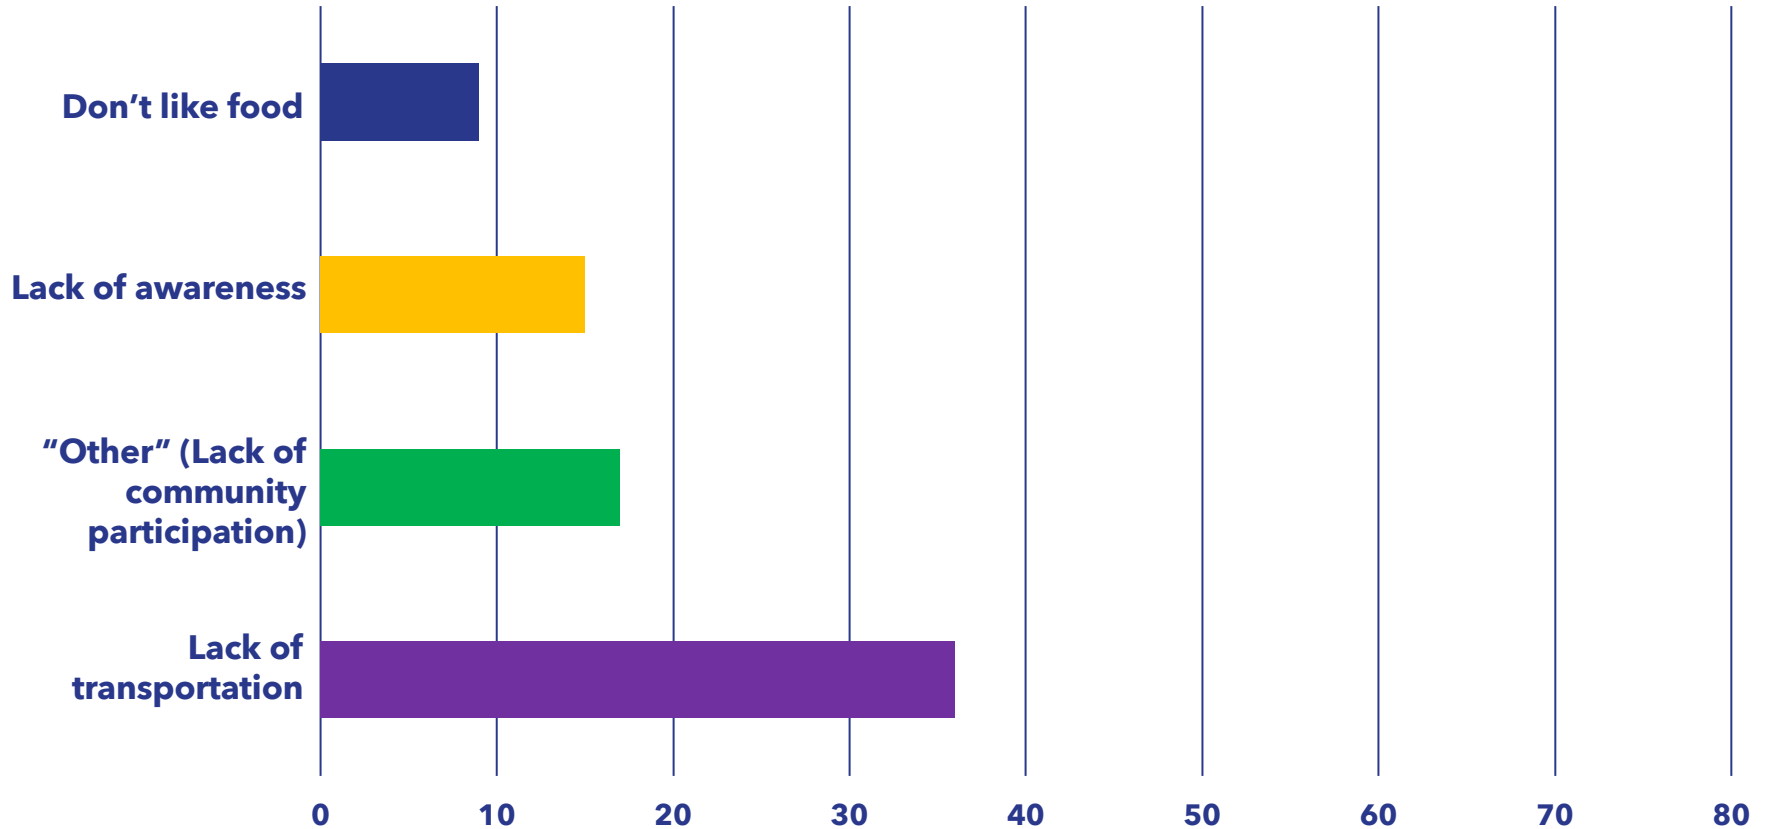

# Days Summer Meals Were Served

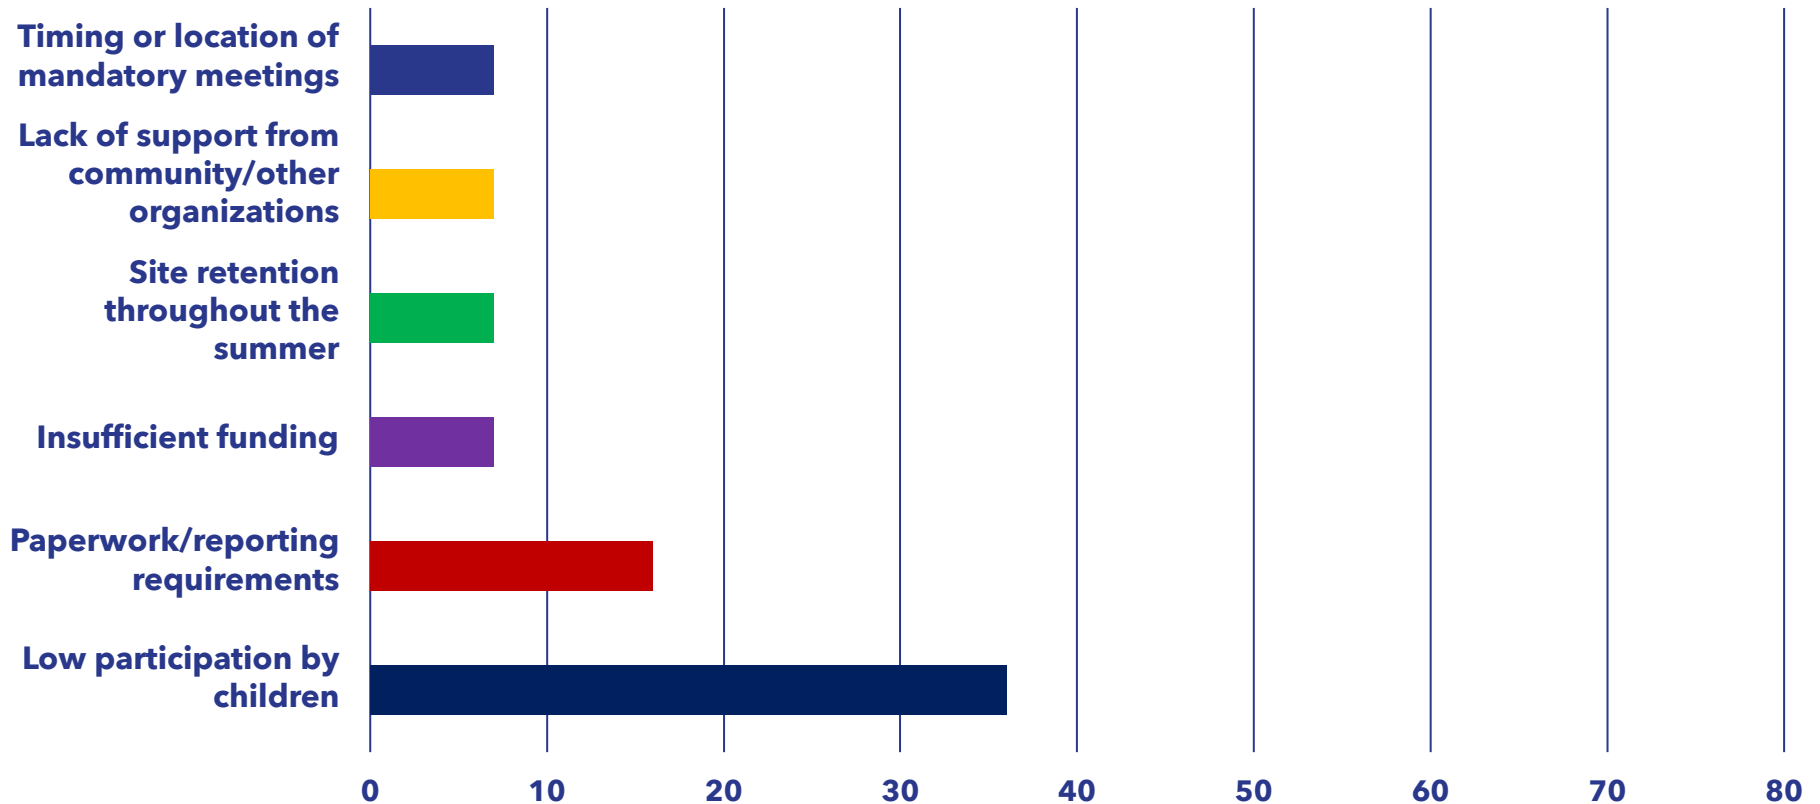

# Additional Services Provided by Sites

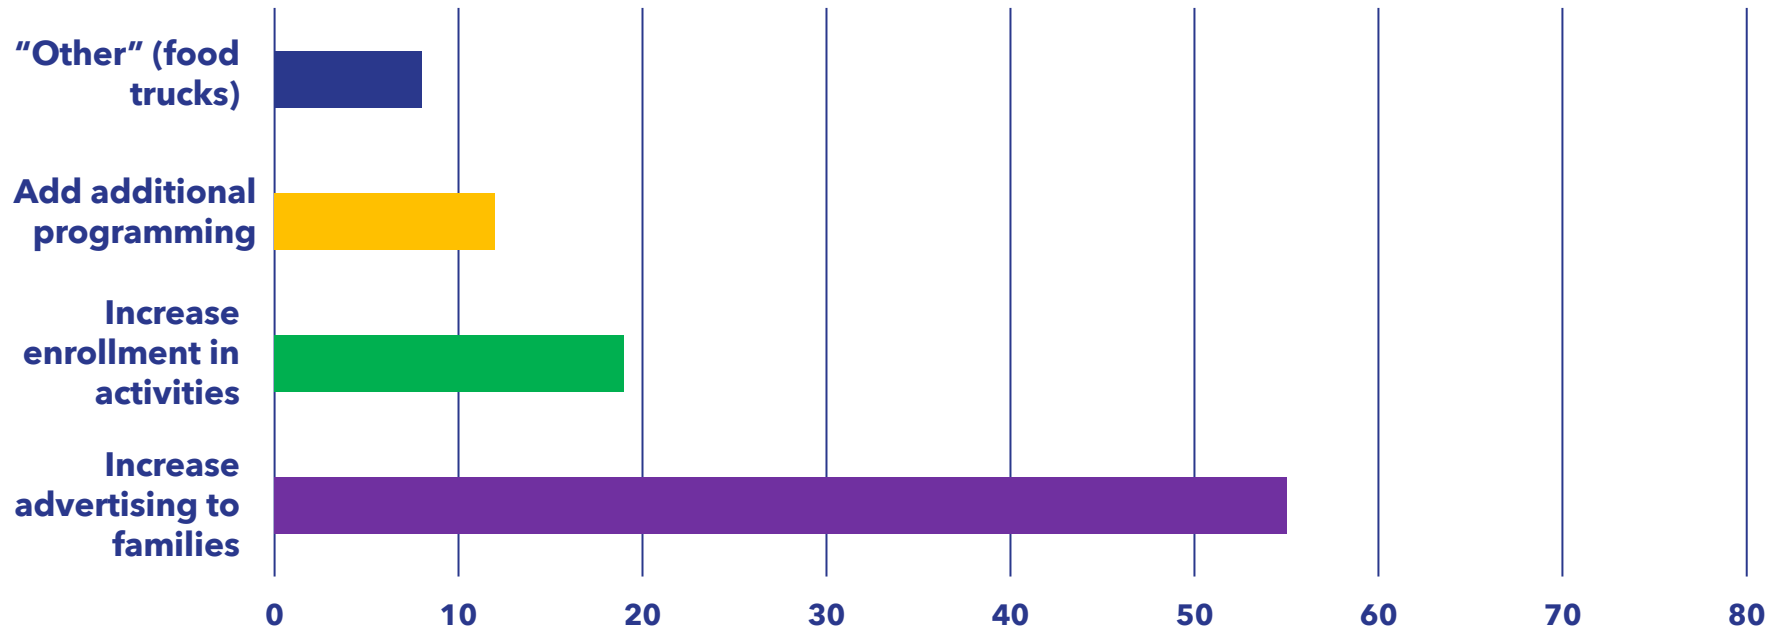

# Challenges Experienced

# Challenges to Administering Program

# Tactics to Increase Participation

# Positive Reflections

*"One of the sites increased participation from 3-5 students to over 30 daily with activities. The children loved it so much they did not want to go home and this turned into an outreach for the neighborhood to help each others children with meals at supper time."*

# Positive Reflections

*"...When leaving my first site on the last day of feeding, a grandma who always brings in her two grandsons told me how much she appreciated us this summer. During the summer she is jobless and barely gets by day-to-day so the meals made a big difference for her. That was a very humbling affirmation that we were truly helping people."*
